Platform	WebDriver IO
Operating System	macOS 12 Monterey
Browser	Chrome
Severity	Medium
Assigned to	Pending
Priority	Medium

Steps to reproduce

- Enter uitestingplayground page
- press the last test named Shadow Dom
- get elements.
- compare copy button value with input value.

Expected Result

The Elements and its values should be extracted and compared.

Actual Result

To get the value from the input doesn't get the same value as the copy button, it might be that the element from the input might not be extracted.
